ROYAL MO

b. 2014 by Uncle Mo – Royal Irish Lass by Saint Ballado

"A graded stakes winner who missed by just a length in the Santa Anita Derby (gr. I), Royal Mo is among the leading sons of Champion Two-Year-Old and sire sensation, Uncle Mo. His dam, a multiple stakes producer is by outstanding sire Saint Ballado out of Irish Linnet, a multiple graded stakes winning turf performer who earned over $1,000,000. From the Caro branch of the Grey Sovereign line, Royal Mo offers an exciting outcross for leading South African sire lines."

Uncle Mo has already sired ChampionTwo-Year-Old and Kentucky Derby (gr. I) victor, Nyquist, and graded stakes winner Auntie Joy, out of mares by **Forestry**, a son of **Storm Cat**. He also has a stakes winner out of a mare by **Storm Cat** himself, stakes winners out of mares by the brothers **Giant's Causeway** (whose outstanding son, **Shamardal**, shuttled to Australia) and **Freud** – who both give inbreeding to Saint Ballado and his sister, Champion Glorious Song – and a stakes winner out of a mare by **Scat Daddy** (by **Johannesburg**, a son of **Hennessy**). The **Storm Cat** line can also be brought in through **Var**, **Mogok** (giving a well-placed Halo inbreeding), **Tiger Ridge**, **Black Minnaloushe**, **Portrush** and **Aristis**. **Van Nistelrooy**, who stood in New Zealand would give a well-placed Halo double, and **Tale of the Cat** is another **Storm Cat** son who shuttled.

Uncle Mo has Australian grade two winner Man From Uncle out of a mare by **Danehill Dancer** (by **Danehill**), and his sire, Indian Charlie, has outperformed opportunity with mares from the line of Danehill's sire, **Danzig**. As sources of **Danehill** we can consider **Albert Hall**, **Fanatic Dane**, **Indian Danehill**, **Newton**, **Overlord** (a relative to Storm Cat), **Requiem**, **Restructure**, **Solskjaer**, **Toreador**, **Stronghold** and **Way West**. Among Australian sources are **Fastnet Rock, Flying Spur**, **Redoute's Choice**, **Rock of Gibraltar**, **Holy Roman Emperor**, **Commands** and the previously mentioned **Danehill Dancer** (sire of **Lizard Island**, **Mastercraftsman** and **Choisir**).

Mares by **Danzig** son, **Orpen**, a close relative to Danehill, might be interesting, giving the brothers Saint Ballado and Devil's Bag, and other sources of **Danzig** frequently found in South Africa include **National Assembly**, **National Emblem, Announce**, **Rebel King**, **Qui Danzig**, **Joshua Dancer, Modern Day**, **Alami**, **Noble Ambition**, **Shoe Danzig**, **Lustra**, **Allied Flag**, **Freedom Land** and **Lizard Island** (by **Lure**, and from the family of Storm Cat). On the international front we could also look for **Danzig** through **Green Desert** – a relative to the dam of Arch, the broodmare mare sire of Uncle Mo – sire of **Cape Cross**, **Oasis Dream** (sire of **Querari**) and **Invincible Spirit** (sire of **I Am Invincible** in Australia), as well **War Front** (who

might work well here), **Belong to Me**, **Boundary**, **Exchange Rate**, **Hard Spun**, **Langfuhr** and **War Chant**.

Out of mares from the **Deputy Minister** branch of **Northern Dancer**, Uncle Mo already has two stakes winners, which suggests trying daughters of **Go Deputy**.

Trying **Northern Dancer** through the **Rakeen** line also appeals, as **Rakeen** is out of Champion Glorious Song, a sister to Saint Ballado, the broodmare sire of Royal Mo. He is available through **Jet Master** and **Royal Airforce**.

It could be worth cautiously considering mares from the **Sadler's Wells** line. Uncle Mo does have two stakes horses from only six starters out of **Sadler's Wells** line mares, and grade one winner **Sligo Bay** was by Sadler's Wells out of a sister to Saint Ballado, the broodmare sire of Royal Mo. In Excess, the grandsire of Uncle Mo, sired classic winner Musical Chimes out of a Sadler's Wells mare. Sources of **Sadler's Wells** might include Fort Wood (sire of **Dynasty**, **Horse Chestnut**, **Elusive Heart** and **Whistling Wood**), **Casey Tibbs**, **Dolpour**, **Braashee** and **Doowaley**. Looking further afield, we can note such as **Galileo** (sire of **Teofilo** and **New Approach**), **Carnegie**, **Montjeu**, **Barathea** and **Singspiel** (who is out of Glorious Song, a sister to Saint Ballado, the broodmare sire of Royal Mo, and is sire of **Lateral**).

Uncle Mo has enjoyed success with a wide variety of **Mr. Prospector** line mares. He has grade one winner Dream Tree out of a mare by **Afleet Alex**, a son of **Northern Afleet**. Northern Afleet is a Mr. Prospector/Nureyev cross, like **Kingmambo**, and Uncle Mo also has stakes winner Mo Maverick out of a mare by **Lemon Drop Kid**, a son of **Kingmambo**, a strain that can be brought in through **Mambo in Seattle** (a three-quarters brother to Lemon Drop Kid), **Parade Leader** (from the immediate family of Royal Mo's broodmare sire, Saint Ballado) and **Ashaawes**. **Kingmambo** sons **Dubai Destination** and **King's Best** stood in Australia. In addition, **Muhtafal** is a three-quarters brother to **Afleet**, the sire of **Northern Afleet**.

Uncle Mo has done very well with the Gone West line, including grade one winner Gomo and graded winner Lost Raven out of mares by **Elusive Quality**, and grade two winner Laoban out of a mare by **Speightstown**. There are numerous **Gone West** line stallions in South Africa that could work well here, including **Western Winter** (sire of **What a Winter**, **Warm White Night** and **Argonaut**), **West Test**, **Sail From Seattle**, **Count Dubois**, **Dupont**, **Modus Vivendi** and **Visionaire**.

Pedigree Consultants are able to help you in all facets of your thoroughbred investment. Not only are we able to proven mating advice but we are also able to advise on mare selection, management and promotion of stallions, and selection and purchase of racing and breeding stock. From other branches of **Mr. Prospector** Uncle Mo is sire of graded winner Mo' Green out of a mare by **Two Punch** and a stakes winner out of a mare by that horse's son **Smoke Glacken**), as well as stakes winners out of mares by **Fusaichi Pegasus** and **Seeking the Gold** (sire of **Windrush** and **Lecture**), and grandsire of **Dubawi**, who shuttled to Australia.

Among the other South African branches of **Mr. Prospectror** that could work here are **Goldkeeper** (a half-brother to Storm Cat), **Kahal** (who has Halo and Green Desert, and looks interesting here), **Twice Over** and **Strike Smartly**.

One branch of **Mr. Prospector** that has not been seen frequently in South Africa, but is very good with Uncle Mo is **Fappiano**. Uncle Mo has 15 stakes horses, 8 stakes winners, and 6 graded stakes winners from 51 starters with **Fappiano** in the pedigree. He has graded stakes winners out of mares by **Unbridled** and his sons **Empire Maker** (sire of **Pioneerof the Nile** and **Bodemeister**) and **Untuttable**, and he also has a graded stakes winner out of mare by **Rubiano**. Uncle Mo also has a grade two placed horse out of a mare by **Quiet American** (grandsire of **Midnight Lute**). **Unbridled** is also sire of **Broken Vow**, and **Grindstone** (sire of **Birdstone**) and **Unbridled's Song** (sire of **Songandaprayer**, **Rockport Harbor**, **First Defence**, **Midshipman**, **Old Fashioned**, **Half Ours**, **Zensational, Dunkirk** and **Even The Score**).

Out of mares by stallions from the **Seattle Slew** line, Uncle Mo has grade one winner Mo Town and grade two winner Mopotism out of mares by **A.P. Indy** son **Bernardini** (who shuttled to Australia, and is out of a mare by **Quiet American**), and stakes winners out of mares by **Mineshaft** and **Malibu Moon**. **Pulpit** (sire of **Tapit**, **Sky Mesa** and **Stroll**), **Congrats** (who stood in Australia) and **Flatter** are all bred on the same cross as **Mineshaft** and **Malibu Moon**. In South Africa **A.P. Indy** can be brought in through **Camden Park** (sire of **Jay Peg**), **Judpot** and **Marchfield**.

Uncle Mo has a stakes winner out of a mare by **Dynaformer**, a son of **Roberto**, and his sire, Indian Charlie has a stakes winner out of a mare by the same horse. In South Africa, **Roberto** can be brought in through **Al Mufti** (sire of **Captain Al**, **Victory Moon** and **Cataloochee**) or **Shuailaan**. The Japanese stallion, **Grass Wonder** (by **Silver Hawk**, a son of **Roberto**), from the same sire line, Hail to Reason, and same female line as Saint Ballado appears interesting. **Grass Wonder** son, **Screen Hero**, would also be interesting, giving inbreeding to Halo.

There is an Uncle Mo stakes winner out of a mare by **Orientate** (who stood in New Zealand in the Southern Hemisphere, as well the U.S.), and a stakes winner by Indian Charlie out of a mare by that horse's sire, **Mt. Livermore**, also sire of **Housebuster** (another who shuttled to New Zealand) and **Peaks and Valleys**. Mt. Livermore is by **Blushing Groom**, who would be interesting through **Rahy**, whose dam Champion Glorious Song is a sister to Saint Ballado,

the broodmare sire of Royal Mo, and he might be found through **Noverre** or **Fantastic Light**. Royal Mo is also half-brother to stakes winner Tara From The Cape, who is by **Leroidesanimaux**, who is from the **Candy Stripes** branch of **Blushing Groom**.

From only five starters out of **Relaunch** line mares Uncle Mo is sire of stakes winners My Aunt Mo out of a mare by **Tiznow** and Forevamo out of a mare by **Slew Gin Fizz**.

Uncle Mo has grade two winner Mokat out of a mare by **Premiership**, a son of **Exclusive Native**, and there is an Indian Charlie stakes winner out of a mare by **Exclusive Native** son, **Affirmed**. Affirmed's son, **Argosy**, would be a positive influence and would give linebreeding to the dam of **Argosy** and his half-brother, Seattle Slew.

ROYAL MO – SUMMARY

As a two-year-old Royal Mo was a progressive type. After placing at six and seven furlongs on his first two starts, he broke his maiden on his third and final start of the year, leading throughout over a mile to win from subsequent stakes winner, Sonneteer.

First time out at three, he again lead throughout, to take the 8½ furlong Robert B. Lewis Stakes (gr. III) – a Kentucky Derby (gr. I) trial – by 3½ lengths from subsequent multiple graded stakes winner Irap. In the nine furlong Santa Anita Derby (gr. I), Royal Mo, drawn widest of all, engaged the subsequent Breeders' Cup Mile (gr. I) winner, Battle of Midway through fast early fractions, and battled courageously to the wire, to hold third, beaten a ½ length and the same by the multiple grade one winner Gormley and Battle of Midway. The Trakus Chart reveals that Royal Mo ran 31 feet further than Gormley, and 42 feet further than Battle of Midway. Pointed towards the Preakness Stakes (gr. I), the second leg of the Triple Crown, Royal Mo suffered a career ending injury in what have been his final work prior to that race.

Royal Mo is a quintessential model of the modern North American classic type dirt runner, as was his sire. That is a good-sized horse with a long-rhythmic stride; a strong, near-boundless cardio; and the either the ability to very efficiently use lactate as fuel, or having a high lactate tolerance. These horses are momentum horses that do their best work on, or near the lead, but are less suited to trying to quicken off a slower pace. We will note that despite his ability on dirt, Uncle Mo (whose broodmare sire, Arch, was an effective turf sire, including South African Champion Overarching), has already enjoyed success with runners on turf, getting seven stakes winners, five group or graded, and one grade one. Royal Mo's dam has also produced turf stakes winner Tara From The Cape, and is by Saint Ballado, who has a turf pedigree and is a brother to the dams of notable turf runners such Singspiel, Sligo Bay and Rahy, and very successful South African sire, Rakeen. Royal Mo's granddam Irish Linnet was a multiple graded stakes winning turf mare, so he does have turf credentials close up on both sides of the pedigree.

Experience with horses of the Uncle Mo/Royal Mo type as shuttle stallions to regions that predominantly race on turf, suggests that they are better utilized as sires of milers and middle-distance runners, than sprinters. They don't tend to get early precocious two-year-olds, but can often get high-class later season juveniles. It will probably pay too avoid mating Royal Mo with too many pure sprint type mares, as they are likely to be more of an extreme physical and physiological contrast to Royal Mo.

Royal Mo's pedigree is an outcross at five generations, and with the exception of the background of his broodmare sire Saint Ballado – Saint Ballado's sire, Halo; Saint Ballado's siblings Devil's Bag and Glorious Song; and the immediate family – there are relatively few obvious inbreeding targets.

Of strains that are frequently found in South Africa, the **Storm Cat** line stands out. Uncle Mo has already sired ChampionTwo-Year-Old and Kentucky Derby (gr. I) victor, Nyquist, and graded stakes winner Auntie Joy out of mares by **Forestry**, a son of **Storm Cat**. He also has a stakes winner out of a mare by **Storm Cat** himself, stakes winners out of mares by the brothers **Giant's Causeway** (whose outstanding son, **Shamardal**, shuttled to Australia) and **Freud** – who both give inbreeding to Saint Ballado and his sister, Champion Glorious Song – and a stakes winner out of a mare by **Scat Daddy** (by **Johannesburg**, a son of **Hennessy**). The **Storm Cat** line can also be brought in through **Var**, **Mogok** (giving a well-placed Halo inbreeding), **Tiger Ridge**, **Black Minnaloushe**, **Portrush** and **Aristis**. **Van Nistelrooy**, who stood in New Zealand would give a well-placed Halo double.

Indian Charlie line stallions in general have outperformed opportunity with **Danzig** line mares. This includes an Australian stakes winner out of a mare by Uncle Mo out of a mare by **Danehill Dancer** (by **Danehill**).It does seem that Halo (sire line of the dam of Royal Mo), who is a grandson of Almahmoud, combines quite well with **Danehill** (inbred to Almahmoud's daughter, Natalma), and there are around 175 stallions with Halo in the sire, and Danehill in the dam. Among **Danehill** sons that have stood in South Africa we the best possibilities would include **Albert Hall** (who is a reverse cross to Arch, the broodmare sire of Uncle Mo), **Overlord** (a relative to Storm Cat) and **Stronghold** (whose dam looks a particularly good fit with Royal Mo).

Among Australian sources are **Fastnet Rock** (whose broodmare sire, Royal Academy, is a close relative to Storm Cat, who works well with Uncle Mo), **Flying Spur**, **Redoute's Choice**, **Rock of Gibraltar**, **Holy Roman Emperor** and the previously mentioned **Danehill Dancer** (who looks interesting through **Mastercraftsman**, another shuttle sire).

Among other sons of **Danzig**, **Orpen**, a close relative to Danehill, would be interesting, giving the brothers Saint Ballado and Devil's Bag. There are numerous other sources of **Danzig** to be found in South Africa including **Announce** and **Modern Day** (reverse crosses to Arch, the broodmare sire of Uncle Mo), **Alami** (who doubles Seattle Slew), **Lustra**, **Allied Flag**, **Lizard Island** (by **Lure**, and from the family of Storm Cat).

On the international front particularly interesting sources of **Danzig** include **Green Desert** – a relative to the dam of Arch, the broodmare mare sire of Uncle Mo – sire of **Cape Cross**, **Oasis**

Dream (sire of **Querari**) and **Invincible Spirit** (sire of **I Am Invincible** in Australia), as well **War Front** (who might work well here bringing in Fappiano, who excellent with Uncle Mo), **Belong to Me** (who shuttled to Australia, and who is out of a three-quarters sister to Premiership, the broodmare sire of Uncle Mo grade two winner Mokat), **War Chant** (who shuttled to Australia, and who Is a reverse cross to Arch, the broodmare sire of Uncle Mo) and **Hard Spun** (who also shuttled to Australia and who has a similar background to Arch).

Out of mares from the **Deputy Minister** branch of **Northern Dancer**, Uncle Mo already has two stakes winners, which suggests trying daughters of **Go Deputy**.

Trying **Northern Dancer** through the **Rakeen** line also appeals as **Rakeen** is out of Champion Glorious Song, a sister to Saint Ballado, the broodmare sire of Royal Mo. He is available through **Jet Master** and **Royal Airforce**.

In addition to **Sligo Bay**, **Singspiel** (who is out of Glorious Song, a sister to Saint Ballado, the broodmare sire of Royal Mo) would be interesting he is sire of **Lateral**).

Looking at the **Mr. Prospector** line, Uncle Mo has rapidly established an affinity with mares from the **Gone West** line, including grade one winner Gomo and graded winner Lost Raven out of mares by **Elusive Quality** (sire of **Elusive City** ,who was a shuttler to New Zealand, **Quality Road** and **Smarty Jones,**) grade two winner Laoban out of a mare by **Speightstown**. There are numerous **Gone West** line stallions in South Africa that could work well here, including **Western Winter** (sire of **What a Winter**, **Warm White Night** and **Argonaut**), **West Quest**, **Sail From Seattle**, **Count Dubois**, **Dupont**, **Modus Vivendi** and **Visionaire**.

Uncle Mo is sire of graded winner Mo' Green out of a mare by **Two Punch** and a stakes winner out of a mare by his son **Smoke Glacken** (who looks appealing here), and also has stakes winners out of mares by **Fusaichi Pegasus** (whose dam is a sister to Pine Bluff, the broodmare sire of an Indian Charlie stakes winner) and **Seeking the Gold** (sire of **Windrush** and **Lecture**), and grandsire of **Dubawi**, who shuttled to Australia. Northern Afleet is a Mr. Prospector/Nureyev cross, like **Kingmambo**, and Uncle Mo also has a stakes winner out of a mare by **Lemon Drop Kid**, a son of **Kingmambo**, a strain that can be brought in through **Mambo in Seattle** (a three-quarters brother to Lemon Drop Kid) and **Parade Leader** (from the immediate family of Royal Mo's broodmare sire, Saint Ballado). **Kingmambo** sons **Dubai Destination** and **King's Best** stood in Australia. In addition, **Muhtafal** is a three-quarters brother to **Afleet**, the sire of **Northern Afleet**. There are additional Uncle Mo stakes winners from mares by **Fusaichi Pegasus** and **Seeking the Gold** (sire of **Windrush** and **Lecture**), and grandsire of **Dubawi**. Among the other South African branches of **Mr. Prospectror** that could work here are **Goldkeeper** (a half-brother to Storm Cat), **Kahal** (who has Halo and Green Desert, and looks interesting here), **Twice Over** and **Strike Smartly**.

One branch of **Mr. Prospector** that has not been seen frequently in South Africa, but is very good with Uncle Mo is **Fappiano**, who appears in eight Uncle Mo stakes winners. He has graded stakes winners out of mares by **Unbridled** and his sons **Empire Maker** (sire of **Pioneerof the Nile** and **Bodemeister**) and **Untuttable**, and he also has a graded stakes winner out of mare by **Rubiano**. There is also a grade two placed horse out of a mare by **Quiet American** (grandsire of **Midnight Lute**). **Unbridled** is also sire of **Broken Vow** and **Unbridled's Song**.

Out of mares by stallions from the **Seattle Slew** line, Uncle Mo has grade one winner Mo Town and grade two winner Mopotism out of mares by **A.P. Indy** son **Bernardini** (out of a mare by **Quiet American**), and stakes winners out of mares by **Mineshaft** and **Malibu Moon**. **Pulpit** (sire of **Tapit**), **Congrats** and **Flatter** are all bred on the same cross as **Mineshaft** and

Malibu Moon. In South Africa **A.P. Indy** can be brought in through **Camden Park** (sire of **Jay Peg**), **Judpot** and **Marchfield**.

There is an Uncle Mo stakes winner out of a mare by **Orientate**, and a stakes winner by Indian Charlie out of a mare by that horse's sire, **Mt. Livermore**, also sire of **Housebuster**. Mt. Livermore is by **Blushing Groom**, who would be interesting through **Rahy**, whose dam Champion Glorious Song is a sister to Saint Ballado, the broodmare sire of Royal Mo, and he might be found through **Noverre** or **Fantastic Light**. Royal Mo is also half-brother to stakes winner Tara From The Cape, who is by **Leroidesanimaux**, who is from the **Candy Stripes** branch of **Blushing Groom**.

From only five starters out of **Relaunch** line mares Uncle Mo is sire of two stakes winners, including one out of a mare by **Tiznow**, and that line can also be brought in through **Honour and Glory**.
